

Memory Care

TOWSLEY VILLAGE MEMORY CARE CENTER

FEATURING:

- Four distinct neighborhoods
- Dedicated, on-site health professionals
- Exceptional, innovative care
- Programs, classes and events
- Meals prepared and served in neighborhood kitchens
- Carefully supervised day trips and overnight getaways

Caring for a spouse, parent or loved one with Alzheimer's disease, dementia or memory loss is challenging and requires a commitment to face each day with patience, flexibility and compassion. Often these conditions require caregivers to seek an extra level of support to ensure the well-being of a loved one.

Chelsea Retirement Community has a long history of leadership in innovative care for residents with memory loss. Towsley Village is a state-of-the-art memory care center that was designed to look and feel like home to its 100 residents. It consists of four distinct neighborhoods, each with its own team of healthcare professionals who provide exceptional care and treat each resident like family.

Residents bring their own furniture and belongings to make their apartments feel like home. Floor-to-ceiling windows offer natural light and spectacular views of the surrounding fields and wetlands. Enclosed courtyards provide a safe, secure environment where residents can enjoy the outdoors. Families have peace of mind knowing that their loved ones are receiving the best care possible at Towsley Village.

"My wife came to Towsley Village in 2007. When you walk in the door, you feel it's a very special place. The caregivers are attentive and care as much about me as they do about my wife. I never leave here feeling sad. I couldn't ask for better care for my wife."
